

# Generations of Care

**Cover Photos:** *From left, Jane Werner; the Tom and Christy Honnert Family; Daren and Nikki Sarringhaus; Marge Palmer and Karen Bischoff; and the Jeff and Mary Ollier Family*

# A LETTER FROM OUR LEADERS

**GEORGE E. JUNKER II / CHAIR / MARGARET MARY HEALTH BOARD OF DIRECTORS**  
**LIZ LEISING / PRESIDENT / CHIEF EXECUTIVE OFFICER / MARGARET MARY HEALTH**

For nearly a century, Margaret Mary Health has been serving our community with quality, compassionate care. Generations have relied on us to help them stay healthy and well. We feel a deep sense of pride to those who place their trust in our care. Today, that commitment is stronger than ever.

Over the past year, we've faced a challenging financial environment in healthcare, with increased staffing expenses and significantly inflated supply and drug costs. Despite these increases, we are not being reimbursed more for services provided to cover these additional costs. In the face of this challenge, our team members worked together to find innovative ways to reduce waste and operational expenses, while still delivering excellent, quality care to our patients. We're proud to say we maintained a positive operating margin at the end of 2022, something only half of all hospitals across the U.S. accomplished.

To continue to fulfill our mission, we must build for the future. Our path forward will be guided by five strategic priorities:

- Expand access to care through targeted growth in key service lines including primary care, orthopaedics, oncology, cardiovascular care and women's health.
- Attract, retain and engage top talent throughout the organization.
- Achieve long-term financial sustainability.
- Enhance the patient experience and build loyalty.
- Optimize the quality of delivery of our services.

We are optimistic and energized by what lies ahead and the partnerships we're building with local businesses, organizations, community leaders and leading healthcare systems. In 2022, Margaret Mary was established as the single preferred healthcare provider for the Southeastern Indiana School Insurance Trust, serving more than 1,800 staff and their families from 40 schools across the region. We also partnered with the Batesville Community School Corporation to expand access to behavioral health services for their students, as our youth continue to experience unprecedented levels of anxiety, depression and behavioral health challenges.

Most recently, we entered into an expanded collaboration with The Christ Hospital Health Network to improve coordinated cardiovascular care for patients. We recognize developing healthy populations and improving health outcomes requires a cohesive and coordinated approach that focuses on prevention, wellness and lifestyle, rather than simply managing episodic and emergent care.

Looking ahead, we are enthusiastic about the future and what we will accomplish next with the support of our community and partners. At Margaret Mary, we are a family of talented and committed professionals. It is a privilege to be a part of an exceptional team of people who are passionate about providing the very best care for our patients. We couldn't ask for a better foundation as we look forward to providing care for generations to come.

# DO YOUR HEART SOME GOOD. CARDIAC CARE FOR FUTURE GENERATIONS.

## HEART & VASCULAR / JANE WERNER

For Milan resident Jane Werner, being active has always been a natural part of her life. That's why she knew something was wrong when she found herself easily winded while working on her landscaping.

"I was building a rock wall for a flower bed, and it wiped me out," said Jane. "Every time I moved a few rocks, I needed a break. I called my nurse practitioner, Cindy (Allen), and she suggested I have a calcium-scoring heart scan to determine my risk for coronary artery disease."

This quick, affordable test measures calcified plaque in your arteries. After completing the heart scan at The Christ Hospital Health Network, the results were sent to Cindy for review. Unfortunately, the news was not good. The scan indicated Jane had a large aortic aneurysm which could rupture at any moment.

"Cindy knew how serious my situation was and tried calling me immediately," said Jane. "When I didn't answer, she sent a text saying, 'CALL ME NOW.' When

Margaret Mary Health is proud to partner with The Christ Hospital Health Network for our community's heart and vascular needs. This partnership ensures our patients have convenient access to heart specialists from one of America's best heart programs, five days a week. Cardiologists from The Christ Hospital Heart and Vascular Institute are able to diagnose and treat a variety of cardiac conditions including, aortic aneurysm, heart attack, heart failure, high blood pressure, pulmonary hypertension, vascular disease and more. To make an appointment with a cardiologist at Margaret Mary's main campus in Batesville, call **812.717.4803**.

we spoke, she explained my results to me and told me it was important I see a cardiac surgeon right away.”

When Jane met with her surgeon, he explained the importance of scheduling open heart surgery. Most people with an aortic aneurysm don't show any symptoms. Left untreated, this blood-filled bulge could rupture, and the bleeding could be deadly. Though she was shocked, Jane soon underwent surgery at The Christ Hospital Health Network.

It's been several years since Jane had her aneurysm repaired, but she's still incredibly grateful for the care she received from MMH and The Christ Hospital. Today, she's doing well and only visits her cardiologist once a year at MMH's main campus in Batesville.

“I'm blessed every morning I wake up,” said Jane, “and I'm still busy as ever. I love to garden, craft, travel and visit my grandkids. I do everything I did before, but I do it with more joy and gratitude.”

# YOUNG AND YOUNG AT HEART. FAMILY CARE ACROSS GENERATIONS.

At MMH, we conveniently offer primary care services at various locations throughout Batesville, Osgood, Brookville and Milan. Our family medicine providers care for patients of all ages, from infants to seniors, and often care for several members of the same family. In addition to providing preventive care and annual physicals, they also serve as your family's advocate for all health-related matters and can refer you to specialists when further care is needed. For a complete list of our family medicine providers, visit us online at [mmhealth.org](http://mmhealth.org).

## FAMILY MEDICINE / THE OLLIER FAMILY

When it comes to choosing a healthcare provider, patients often say they want someone who is knowledgeable, trustworthy and compassionate. According to the Ollier family, local Family Medicine Physician Kim Kick possesses all these qualities, and then some.

“My family began seeing Dr. Kick when she first opened her medical practice 25 years ago,” said Jeff Ollier of Batesville. “She’s cared for four generations of my family, ranging from my parents to my grandkids.”

When asked to share what types of conditions Dr. Kick has treated for his family, Jeff’s list was long. From stitches following his son’s four-wheeler accident to help navigating his mother’s breast cancer journey, Dr. Kick has supported the Olliers through many challenging times.

“My family has complete trust in Dr. Kick,” said Jeff. “When I’m not making the best lifestyle choices and need to make a change, she isn’t afraid to tell me. She’s personable and has a great sense of humor. On a scale of 1 to 10, I’d rate her an 11.”

### KICK NAMED DOC HOLLYWOOD

Congratulations to Dr. Kim Kick for receiving the Indiana Doc Hollywood award at this year’s Indiana Rural Health Association’s annual conference. A local family medicine physician since 1998, Dr. Kick was recognized for providing excellent care to her patients, as well as her role in mentoring medical students and volunteering in her community.

Kim Kick, MD

## **THE ALLEN FAMILY OF BROOKVILLE**

“We’ve always had a wonderful experience at Margaret Mary. Last year, we delivered our daughter, Cora, there, and we all receive our primary care at the Brookville Health Center. We appreciate the convenience of receiving care close to home.”

## **THE COMER FAMILY OF OSGOOD**

“Over the years, our family has used Margaret Mary for many reasons. We’ve always been pleased and thankful for the care we’ve received. We’re also proud to have two generations of family members who currently work there.”

## **THE ISON FAMILY OF MILAN**

“From the births of our babies to unexpected ER visits, Margaret Mary has always given us the best care. We have both friends and family who work there. Seeing familiar faces provides us comfort and ensures we’re never treated like a number.”

**GENERATIONS HAVE RELIED  
ON US TO HELP THEM  
STAY HEALTHY AND WELL.**

# GETTING YOU BACK TO THE MOMENTS THAT MATTER MOST.

## ORTHO & REHAB / MARGE PALMER

When 91-year-old Marge Palmer fell and fractured her right arm, the Batesville resident was concerned for several reasons. Not only did the injury interfere with her ability to complete everyday tasks, but she also had concerns it would affect her favorite hobby – golf.

Unable to move her arm, Marge scheduled an appointment with Orthopaedic Surgeon Grant McDonald. After examining her, Dr. McDonald

confirmed she had fractured her humerus, the bone which runs from the shoulder to the elbow, put her in a sling and ordered occupational therapy with MMH’s rehab team.

“Dr. McDonald made sure I was comfortable and put me at ease,” said Marge. “I also appreciated being able to receive therapy close to home. It’s a Godsend when you don’t have to drive to a larger city for care.”

At MMH, our orthopaedic and rehab teams are committed to helping you achieve optimal results so you can live life to its fullest. Together, our physicians and therapists work to develop an individualized treatment plan that best meets your needs. Offering physical, occupational and speech therapies, our rehab team is especially proud to offer one-on-one appointments to our patients. These private sessions help ensure you receive personalized care and achieve the fastest recovery. To learn more, visit [mmhealth.org](http://mmhealth.org).

After six weeks of rehab, Marge was released from therapy with full function of her arm.

“My therapists were thorough, efficient, considerate and all-around excellent,” said Marge. “I’m very thankful for the care I received. Best of all, I’m ready to play golf with my friends this summer.”

## OUR ORTHOPAEDIC SURGEONS

If you suffer from conditions that affect your mobility or range of motion, our orthopaedic surgeons offer both surgical and non-surgical solutions

Grant McDonald, MD

J.D. Stephens, DO

to treat your condition. Available services include joint replacements, hand treatment, foot and ankle treatment, fracture care and sports medicine. To schedule an appointment, call **812.933.3765**.

**WE TREAT EVERYONE  
LIKE FAMILY.  
EVEN THE ONES WHO ARE.**

## MELANIE & LINDA: MOTHER-DAUGHTER DUO

*Written by Melanie Stone, RN*

“Seeing my mom work in healthcare impacted my decision to become a nurse. Caring for others has always been very fulfilling to me. I love working for a smaller organization where I’m able to build close relationships with my patients.”

## ASHLEY & MIKE: FATHER-DAUGHTER DUO

*Written by Ashley Moenter, CMA*

“I grew up in this community and love seeing so many familiar faces every day. My mother has always worked in healthcare and inspired me to do the same, and my dad joined the team recently. He has always been willing to learn new things, which I greatly admire.”

## CHLOE & KARI ANN: MOTHER-DAUGHTER DUO

*Written by Kari Ann Rennekamp, LBSW*

“Working at Margaret Mary is a true honor. I see our team members giving from their hearts every day. I’m also extremely proud of Chloe. While we do very different jobs, it is neat to know we’ve both been called to lives of service in healthcare.”

## CANCER CARE / NIKKI SARRINGHAUS

If there's one word to describe Batesville resident Nikki Sarringhaus, it's *resilient*. In 2016, at the age of 36, this mother of four was diagnosed with stage III breast cancer. Following a double mastectomy, as well as medical and radiation therapy, Nikki and her family celebrated as she was deemed cancer-free.

Four years went by, and in 2020, Nikki noticed she was experiencing an unusual amount of discomfort in her back. Having worked long hours that week, she attributed the pain to her busy schedule, but as it persisted, she decided it was best to make a trip to Margaret Mary's emergency services department for evaluation.

Following a CT scan and several tests, Nikki's fears were confirmed. Her cancer had spread to her spine and she later discovered she had developed stage IV metastatic cancer. Though this type of cancer is considered incurable, ongoing chemotherapy helps to slow its growth, improve symptoms and help patients live longer.

"When I was told I had cancer a second time, I was hysterical," said Nikki. "My husband and I sat together and cried. It didn't take long, though, before I was ready to develop my next treatment plan. I try to stay as positive as possible. You've got to roll with the punches."

It's been several years since Nikki received her latest cancer diagnosis, but thanks to her regular chemo treatments at MMH, she's thriving. She also appreciates the convenience of being able to receive specialized cancer care just seven minutes from her home.

"It's been a roller coaster ride, but Margaret Mary's Cancer Center has been a Godsend," said Nikki. "I have a wonderful support system. I'm grateful for my husband, family and friends who have been there for me. This experience has taught me to live life to the fullest, count my blessings and not take anything for granted. I also stand firm in my faith that one day I'll be healed."

A photograph of a person wearing a blue and white checkered short-sleeved shirt and blue jeans. The person is standing outdoors, with their right hand resting on their left shoulder. The background is a blurred green landscape, suggesting a park or garden setting.

# NEXT GENERATION CANCER CARE. TODAY.

Patients who choose us for their cancer care appreciate our comfortable facility and top-notch technology, but most important is finding an oncology team you can trust. Our services include chemotherapy and radiation oncology, as well as many support services. At MMH, we partner with The Christ Hospital for medical oncology coverage. For our patients, this equates to expanded access to experienced, specialized oncologists and clinical trial research. To learn more, visit [mmhealth.org](http://mmhealth.org).

# A LETTER FROM OUR LEADERS

## **WILLIAM HILLENBRAND II / CHAIR / MMH FOUNDATION BOARD OF DIRECTORS** **JONATHON MAPLE / EXECUTIVE DIRECTOR / MMH FOUNDATION**

For Margaret Mary's Health Foundation, 2022 was a year of accomplishments and excitement. Not only did we celebrate a full decade of giving, but we exceeded \$1 million in grants awarded to MMH since our inception.

Our mission is simple: we ensure the hospital's legacy of quality, compassionate care continues for generations. Thanks to your generosity, we've made great strides. Our reflection garden, located behind MMH's Cancer Center is complete. We granted new medical equipment and supplies to various MMH departments. We reintroduced our annual Hospice 5K and partnered with 14 local schools to offer Girls on the Run. Finally, we hosted our golf outing and gala – both breaking records in attendees and dollars raised.

As we reflect on 2022, we find ourselves grateful and optimistic. We are grateful for the incredibly generous community partners and donors listed in the pages ahead. Without your support, we could not fulfill our mission. Yet, we are also optimistic for our future and proud to support MMH with upcoming endeavors.

We hope you will have the opportunity to take advantage of the walking trail on our beautiful Six Pine Ranch campus and visit the new reflection garden, both funded 100 percent through philanthropic dollars raised. We continue to be amazed by our community's generosity and are excited to see what we can accomplish as we work together to provide exceptional care for future generations.

## WHY WE GIVE: THE HONNERTS

Written by Christy Honnert

“All six members of my immediate family were born at Margaret Mary and, together, we have used nearly every service offered. It touches my heart to see the level of compassion the staff shows my loved ones. In times of need, they care for us as they would their own families. We choose to give to the Health Foundation because we know we’ve been blessed, and we want to see Margaret Mary continue to provide exceptional care for future generations.”

## A HEARTFELT THANKS:

We gratefully acknowledge our donors for their support and contributions. We apologize for any errors or omissions in this publication and invite you to bring these to our attention by notifying the Foundation office at **812.933.5141** or [foundation@mmhealth.org](mailto:foundation@mmhealth.org).
